

HUMANITY DRIVE WILL BEGIN IN EARNST TODAY

**\$45,000.00 and Then
Some is the Slogan
of Morgan County
Workers**

The stage has all been set, the principal actors and those who are to take lesser parts all know their lines and the curtain will be rung up at 9 o'clock this morning for the first act of the great melodrama, "\$45,000 for the Red Cross in Morgan county." Yes, everything is in readiness for the final dress rehearsal took place at the Red Cross headquarters on south Sandy street last night. That is not exactly a correct statement, for the rehearsal continued into the early hours of the morning, so great was the task of completing the records and arranging the details.

Five hundred dollars from the High school and some smaller subscriptions have been secured and form the comfortable nucleus for the thousands expected to roll in during the next few days.

In accordance with the announcement Red Cross officers and members of the teams met at inner last night for an informal discussion of the campaign plans and to receive final instructions. The plan of the campaign was outlined by Chairman Crabtree, and other points with reference to the campaign were brought out by the questions asked. The invocation was by Rev. Father Formax. A brief introductory statement was made by F. P. Dunlap, county chairman and then E. E. Crabtree, with the vigor and vim which is evidently going to mark this whole campaign, outlined the general plan of work which has been adopted.

Instructors for Teams.
The team captains and members will all given specific instructions with relation to the cards and blanks which they must take with them in their house to house canvass which begins today. It took nearly an hour for the complete thrashing out of these details. But there was nothing but earnestness in the routine, and in fact all in the audience were alive with interest.

Then came the address by Sergt. Matthew Wayman. There is something about that word "address" which does not "fit" the story of a life at the battle front. Sergt. Wayman tells it. With an artistry of words possible to few he sketched the life of the soldier in the trenches. Pathos and humor were blended in a rare way. One moment the audience was convulsed with laughter and at another came the choking sensation at the throat as some picture was drawn of the bravery of those lads who are sacrificing all for the liberty of mankind. It was indeed a word picture which gave those in the audience a more intimate and personal knowledge of the battle fields in France than could come from reading hundreds of pages of description.

An Example in Giving.
Mr. Dunlap in his remarks said that he did not believe that there had ever been before such an enthusiastic assemblage of campaign workers. He said that to secure the \$45,000 in a few days' time meant that there must be substantial gifts. Indicating that people are disposed to give liberally, he quoted an incident of asking the proprietor of a shoe shining shop in Jacksonville who had intended to do for the Red Cross work. Quickly came the response "I have been thinking about that, and I believe that I ought to give \$50." With this as a sample of generous giving, Mr. Dunlap thought there would be no trouble about securing the total. Then the speaker referred to the growing casualty lists and declared that Americans will scan this list from day to day with increased interest as more men are sent overseas. With the interest in this list comes a greater interest in conditions surrounding the soldiers and so a greater appeal for liberal giving.

No Pay for Christ Church Women
In his statement Chairman Crabtree mentioned that there had been some criticism because of the plan to have workers as the committee for more effectively than there should not be this expense. He said that his experience in this work fully demonstrated that it was not possible to get workers together satisfactorily without some such plan. Just at this point a slip was passed up to the speaker and he was able to announce that the expense of the daily luncheon will be slight indeed, because women of the Central Christian church have volunteered for their services and a very large amount of the supplies are being donated. The chairman referred specifically to the decorations at the opera house and took the opportunity to thank Lloyd Reid and his associates on the committee for decorating the opera house more effectively than had ever been done before. The speaker also referred to the credit due the Liberty band and mentioned that all the workers in the Red Cross headquarters were un-

RED CROSS SPIRIT RULES ALL ILLINOIS

**TWENTY TWO COUNTIES HAVE
RAISED 75% OF QUOTA**

Elgin Chapter in Half Day's Time Surpassed Allotment by \$10,000—Virden Sets Record That Down State Counties Should Emulate—Chicago Wild With Enthusiasm.

Chicago, May 20.—(Special to Journal.)—Jersey county with first Illinois honors won Saturday for 100 per cent Red Cross subscription of its quota was closely followed today by Mercer county at 10 o'clock this morning with an even money telegram to Illinois state headquarters for the second war fund campaign of the American Red Cross.

Telegrams to State Director, George B. Stadden from 34 county headquarters received up to 6 o'clock this Monday night showed completed quotas of 75 per cent each. From 22 other counties came reports that more than 50 per cent of their respective allotments had been completed on first day of drive.

Elgin chapter in Kane county had an established quota of twenty-eight thousand dollars. Chapter reported thirty thousand dollars at noon. Three chapters are responsible for Kane county quota. Aurora is expected to get in real action and make good for Kane county before time limit expires Saturday night. Virden, one of two chapters in Macoupin county, reported forty seven hundred dollars subscribed for an allotment of thirty three hundred dollars.

Official county reports will be received during night from each county and no comparison, other than indicated above, can be given as to downstate territory.

Chicago was wildly alive as campaign opened, city's quota is six million dollars of eight million that is charged to Illinois. Thirty thousand workers were on the job. The rush of subscriptions exceeded anything that had been anticipated.

Central Division to Exceed Quota
Chicago, May 20.—Indications it was announced tonight, are that the central division of the Red Cross will go well beyond its \$15,000,000 quota of the second \$100,000,000 war fund. Illinois, Michigan, Wisconsin, Iowa and Nebraska were declared to be setting a pace for other states. Four Illinois counties went "over the top" early today. They were Jersey with \$12,000; Kane \$30,000; Mercer \$17,500, and Macoupin \$30,000.

Grundy county has subscribed 75 per cent of its \$20,000 quota. Waterloo, was the first Iowa city to fill its quota of \$36,000. Iowa is expected to raise \$2,000,000. Nineteen towns in Nebraska have already subscribed their quotas.

AERIAL ACTIVITY INCREASING DAILY

Control of Air Wrested from Germans Along Toul Sector.

With the American Army in France, May 19.—Sunday—By the Associated Press—Control of the air no longer belongs to the Germans along the Toul sector. Aerial activity there seems to be increasing daily, but the Germans are not permitted to prowl about freely.

Fighting American airmen have today taken the tally of machines brought down is overwhelmingly in their favor. In fact that have had such good fortune that they are wondering whether they are not passing by a single chance to get at the enemy.

The German airmen have started to fly in flocks at a great height.

Early this morning for instance, five of them came over together at 6,000 meters, 2,000 feet above the ordinary fire of the "Archies." The alarm was given promptly but the Germans were keeping a sharp lookout and as soon as they saw five American pursuit planes coming to meet them they turned and started home rapidly.

SENATE NAVAL COMMITTEE COMPLETES BILL

**Appropriation Measure Carries a Total
of \$1,587,000,000**

(By The Associated Press)
WASHINGTON, May 20.—Carrying a total of \$1,587,000,000, or \$202,840,000 more than provided by the house the naval appropriation bill was completed late today by the senate naval committee and will be reported to the senate tomorrow.

The measure's total is \$63,053,127 less than was appropriated for the navy for this fiscal year in the regular naval bill and in deficiency measures. The senate committee redrafted to make more emphatic the provision in the house bill for the beginning of work on the three year building program by July, 1919. Construction of the great fleet of super-dreadnaughts and battle cruisers provided in the 1916 naval bill has been held in abeyance in order that the building of destroyers to battle German submarines might be rushed. To man the capital fleet when it is completed the senate provided for a permanent increase in the enlisted personnel of the navy to 131,540, nearly three times the number of men in the navy before the war. The president also would be authorized to increase that strength by 50,000 men for the war.

New projects added to the house bill by the committee included: Construction at a cost of \$3,500,000 of a nitrate plant at Indian Head, Md., for the manufacture of nitrate for naval explosives.

Purchase for \$425,000 of 4,900 acres of land at the marine corps training station at Quantico, Va. Erection of new buildings at the naval academy to provide room for additional midshipmen, \$2,500,000.

Reserve supply of equipment for the marine corps to replace material destroyed by fire or otherwise, \$16,677,200. Equipping navy yards for ship construction \$6,000,000. Mine depots \$1,000,000.

Amendments by the senate committee provide:

That members of the dental corps may attain the rank as high as commander and pay as high as captain.

That state naval volunteer forces of 1,000 men be transferred to the naval reserve.

The increases made in the bill by the committee include:

New batteries for ships \$45,537,712
Ammunition 24,539,350
Torpedoes and appliances 10,000,000
Reserve ordnance supplies 13,000,000
Boston Navy Yard 1,300,000
New York Navy Yard 400,000
Washington navy yard 900,000
Submarine base, Key West 2,500,000

Mare Island, Calif., navy yard 150,000
Pulset Sound Navy Yard 825,000
Naval proving ground Indian Head, Md. 525,000
Torpedo Station, Newport, R. I. 800,000
Naval Fuel Depot, San Diego, Cal. 175,000

RIVERS AND HARBORS BILL IS PASSED

WASHINGTON, May 20.—The rivers and harbors bill carrying \$21,572,000 and limited to work essential during the war was passed today by the senate with an increase of \$2,544,000 over the house bill. It now goes to conference.

The new projects in the bill are \$204,000 for dredging in the Los Angeles harbor, contingent on the building of a drydock there, and \$140,000 for improvement of the Mobile harbor.

ESTABLISHES NEW TOP PRICE FOR CATTLE

SILOUA CITY, Iowa, May 20.—A new top price for cattle was established at the Sioux City stock yards today when the Cudahy Packing company paid C. H. Howdie, of Parker, S. D., \$17.75 a hundred pounds for a carload of steers. These steers averaged 1,700 pounds and sold at an average price of \$302.96. They had been on full feed for seven months.

LIEUT. RENARD COMING WEDNESDAY NIGHT

The Wednesday night meeting at the opera house for the Red Cross campaign promises much. Lieut. Renard of the French army and Mrs. Eastman a civilian will speak.

CLEVELAND, O., May 20.—An agreement tantamount to a contract to build 130 vessels to cost approximately \$800,000 each and totalling about \$100,000,000 was reached here today between Chas. M. Schwab, director-general of the government's shipbuilding program and Great Lakes Shipbuilding companies.

BULLETINS

LONDON, May 20.—Thirty-seven persons were killed and 155 injured in the London area during last night's air raid.

DUBLIN, May 20.—A Sinn Fein delegate who yesterday called on the American labor delegation now in England, endeavored to create a scene in the hotel lobby by declaring loudly that Americans were not treating the Sinn Fein fairly. The members of the American mission replied they would be glad to listen to all sides and proposed to view the Irish question without prejudice but that they could not take sides in internal British questions.

WAUKESHA, Wis., May 20.—Trial of Grace Lusk for killing Mrs. Mary Newman Roberts was halted suddenly this afternoon by Judge Lueck who ordered drastic action for prosecution in Cook county, Illinois, of Dr. David A. Roberts. This action came as the result of revelations drawn from Dr. Roberts under severe cross-examination regarding his relations with Miss Lusk and of many meet-

THE RED CROSS CAMPAIGN

Morgan County's Red Cross campaign for \$45,000— and more—begins this morning.

Workers will assemble at Red Cross headquarters at 9 o'clock and speedily begin the work of canvassing. The committee has no apology because this campaign so closely follows another. The day of apologies is past. War is a business and it cannot be won without your dollars liberally given.

The Red Cross is the synonym for humanity. It typifies the world struggle against brutality. Let the Red Cross rule your hearts and homes today and in the days to follow. The workers will call at your homes. Be ready for them. Know the amount you can give next month and then multiply that sum by five. Payments are to be made in installments.

This is everybody's campaign and everybody is expected to give. Others are sacrificing their lives. Aren't you ready with your dollars?

Humanity calls and loyalty can give but one answer. Don't delay, don't debate. Settle the matter quickly and liberally. If by some chance the canvasser fails to find you, telephone to headquarters.

RED CROSS CAMPAIGN COMMITTEE,
E. E. Crabtree, Chairman.

STEEL SHIPS ARE COMPLETED AND DELIVERED

**Ten Vessels Turned
Over to Emergency
Fleet Corporation**

(By The Associated Press)
WASHINGTON, May 20.—Ten steel ships of 6,850 aggregate tonnage were completed and delivered to the emergency fleet corporation during the past week and fourteen others, some wood and some steel, of 43,000 tons were launched.

On Saturday four wooden ships left the ways, the third time during the present month when four vessels of this type were launched in a single day. The total number of wooden ships launched in May to date is 22.

The completed ships included eight requisitioned and two built on contract. Four of them were of 8,800 tons or larger. They were delivered at San Francisco, Chester, Pa., Seattle, (2), Ecarse, Mich., Camden, N. J., Manitowoc, Wis., Ashtabula, Ohio, Long Beach, Cal., and Cleveland, O.

Two of the vessels launched were steel and twelve were wood. Nine of them were launched on the Pacific coast, three on the lakes and one each on the Atlantic and Gulf.

Hulls are being put into the water now faster than machinery can be obtained to equip them. It was learned today that the shipping board has acceded to the navy department's refusal to surrender turbines ordered for destroyers for use in transports. The transports can be commissioned, but their speed will be reduced by the lack of the turbines.

Chairman Hulley today wrote Mayor Thompson of Chicago asking him to see what can be done to expedite the movement of vessels built on the lakes which will go to Chicago to load war material for the trip to the ocean. Draw bridges in Chicago are allowed to be opened only at certain hours which it is feared may delay the vessels.

Lumber and labor conditions in the south have improved so much since January 1 that southern ship yards soon will be able to begin working night shifts, according to a report made today to the emergency fleet corporation by John H. Kirby, who has been making a survey of conditions in the south.

NO INDICATION WHERE ENEMY WILL ATTACK

ON THE FRENCH FRONT IN FRANCE, May 20.—By the Associated Press—There is no direct indication as yet where the expected enemy attack will be delivered. The German staff has adopted a method similar to that employed when the enemy made his great rush on March 21, holding the front strongly everywhere but grouping the first line troops more densely in some parts of the front than others.

Around Arras General Otto von Below's important army, which so far had been pinned to the battle has given no sign of movement but its presence there means that it is intended for hard work. As usual the Germans are gathering their maneuvering army far in the rear where the troops are able to practice before hand the movements they are expected to make when called upon to follow up the onslaught made by the troops occupying the front lines.

It seems probable that this maneuvering army, stronger numerically than the mass which carried out the first rush in March, but whether the quality of the troops is equal to that of the earlier concentration is questionable as the reconstructed divisions which suffered the horrors of heavy fighting during many days and therefore have lost some of their aggressiveness.

MADISON, Wis., May 20.—The 161st field artillery which has been training at Camp Grant, Rockford, Ill., left Madison this morning on their cross-country trip to Camp Robinson, Sparta, Wis. The detachment is composed of between 5,000 and 6,000 men. The detachment has been moving at a rate of from 13 to 16 miles daily.

Clarence Chichepe, son of Mr. and Mrs. J. W. Chichepe has enlisted in the officers' naval reserve and is stationed at Chicago.

EDWARDSVILLE, Ill., May 20. Four more jurors, making a total of eight, were accepted here today in the trial of eleven men charged with murder of Robert Paul Prager, alleged enemy alien at Collinsville, April 5. Two other jurors were accepted tentatively. The panel is expected to be completed tomorrow and the taking of testimony is expected to begin Wednesday. Four hundred and twenty talesmen have been examined and one hundred more have been served with summonses. Considerable asperity developed this morning between counsel and it was necessary for Circuit Judge Bernreuter to admonish them.

APPOINTED CHAPLAIN OF EXPEDITIONARY FORCES

New York, May 20.—Bishop Charles H. Brent of the Episcopal diocese of Western New York, has been appointed chaplain of the American expeditionary forces, according to a cablegram received here today. With the Rev. J. L. Doherty, a Catholic priest, and Paul Moody, son of the late Evangelist Dwight L. Moody, as associates, he will co-ordinate the work of the American chaplains in France the measure says.

WAR SUMMARY

News of Activities on Various Battle Fronts in Summarized Form By Associated Press.

The allied armies are not permitting the Germans to "get set" for a serious blow at the western front. Here and there along the line there have been sudden blows at the German positions and in all of them ground was captured by the allies.

The French have done most of this work. On the front east and northeast of Lore, on the northern side of the Lys salient in northern France and just to the west of Kemmel, where some of the more intense fighting of the war has been going on the French have advanced their line over a two mile front. Far to the south, near Rheims, the French have advanced into the enemy's positions as far as the third line trenches.

The Australians on the front before Amiens have been active and have improved their positions.

Heavy artillery firing is reported from several points along the front, it being especially severe near Langard and south of the Avre, near Amiens. The Germans also report heavy cannonading in the region of Kemmel.

The American sectors have been the scenes of fierce aerial battles. The Americans suffered a severe loss when Raoul Lufbery of Wallingford, Conn., one of their famous air fighters, went to his death in a thrilling encounter above the city of Toul. The Germans have lost several machines, one of which is believed to be the one that accounted for Lufbery.

In the Italian theater of the war the fighting in the mountains east of the Brenta river continues, reports telling of struggles on the slopes of the mountains. The French troops in Macedonia have taken the offensive near Lake Ochrida and have advanced to a depth of more than 12 miles at some points. The object of this operation appears to be the straightening of an awkward salient in the line.

The unrest which has been reported from time to time from Austria in spite of the efforts of the censor, has again boiled up in Prague, where crowds of Czechs and Slavs have cheered for President Wilson and Premier Clemenceau and Lloyd George.

A new German army, led by General von Below, is reported to have been definitely located in front of Arras. This army is said to be made up of units which were not thrown into the great battles on the Somme and along the Lys and it is believed that it has been brought up to the Arras front to lead the coming attack on the allied positions at that point. The German reserves are undergoing intensive training far behind the actual fighting front and are expected to reach the front in time for the next smash at the allies. It is pointed out that the German attack March 21 was timed so that the Germans were able to take advantage of the bright moonlight for several nights. The moon now is just past the phase which signalled their advance from St. Quentin and Cambrai, and the long expected attack may be launched at any time.

German submarines are carrying on unrestricted warfare against Norwegian fishermen. Five Norwegian vessels were recently sunk in the Arctic and a Russian mail steamer was shelled, numerous casualties resulting. Many persons have been killed and wounded in the latest German air raid on London.

**AMERICANS HELD
IN GERMAN PRISONS**

(By The Associated Press)
WASHINGTON, May 20.—The names of ten Americans held in German prison camps as received today by the war department thru the Spanish embassy at Berlin and the American legation at Berné follows:

Camp Aachen: Seaman Jaq de la Hara, place of capture and address not given.
Camp Landshut: Sergeant H. H. Mackee, captured at Chateau-Salvin, Feb. 8, 1918, Indianapolis, Ind.

(Later information from American Minister Stovall at Berné, Switzerland, indicates that Sergeant Mackee has been transferred to prisoner camp at Glessen).

Camp Karlsruhe: Captain Antoine Olsen, Oakland, Cal., and First Officer Hilmer Lennardsen Richardsen, Willapa, Wash., taken from the ship Endeore in the South Pacific on July 14, 1917.

Second Mate Colstadt, New York.

Chief Officer Edward Moore, Searsport, Maine.

Captain John Arnold Bloom, New York, taken from the ship John H. Kirby, in the Indian Ocean on Nov. 30, 1917.

First Officer Matt Buckhard, San Francisco, Cal., taken from the Steamship Beluga, in the South Pacific Ocean on July 9, 1917.

Captain Robert David Trudgett, Alameda, Cal., taken from the ship Winflow, in the South Pacific July 16, 1917.

FAMOUS U. S. FLYER KILLED IN AIR BATTLE

**Major Raoul Lufbery
Slain in Fight with
German Triplane**

(By The Associated Press)
WITH THE AMERICAN ARMY in France, Sunday, May 19.—By The Associated Press.—Major Raoul Lufbery, of the American flying corps, has been killed in an aerial battle. He will be buried tomorrow with full military honors in which both American and French troops will participate. Lufbery's home was in Wallingford, Conn.

The German machine which brought Lufbery down was armed with two machine guns with an operator for each piece and apparently escaped.

Lufbery's only wound, aside from those he received when he crashed to earth, was a bullet hole through the thumb. Apparently the same bullet punctured one of the gasoline tanks of his machine.

The German machine was undamaged and aircraft fire several times both before and after the air fight and one explosion of a shell upset the enemy plane but it managed to straighten out again.

It was about ten o'clock this morning when a German triplane suddenly descended from the clouds, apparently because of engine trouble, until it was only some 1500 metres over the city of Toul. The American flyers were on the alert and some of them headed for the fighting line to await the enemy on his return.

Lufbery and the pilot of another machine made after the German, who quickly ran away from the direction of the line, the two American machines following him. About eight miles away from the enemy's line, Lufbery was seen to attack from under the tail, but then drew off as if his machine gun had jammed. Two minutes later he attacked again from the same position and almost immediately his machine burst into flames.

Major Raoul Lufbery has been attached to the American aviation corps less than four months, but before that he made a brilliant record as a member of the Lafayette Escadrille with the French army and was generally accounted the leader of the American aces. Only recently he brought down his eighteenth enemy machine, which so far as is known was the number standing to his credit when he was killed, and which by far the largest accredited to any American aviator with the American or the French army.

Lufbery's father was a native-born American but his mother was a French woman and Lufbery himself was born in France 34 years ago. For the greater part of his life he was a traveler.

Major Lufbery was known throughout the American army and in the French air service as "Luf" for he was one of the most popular flyers on the front. He was a daring aviator, but noted for his coolness as well as his dash.

Major Lufbery had just returned from visiting his godmother at Brest. His sister lives there also. He came back from Brest before his leave had expired because he thought help was needed and had made three flights in his Nieuport pursuit machine before his fatal flight.

ALLEGED DISLOYAL MINISTER FLEES

EDWARDSVILLE, Ill., May 20.—The Rev. John D. Metzler, pastor of St. Boniface German Catholic church here, tonight departed for parts unknown at the request of the local committee of the Council of Defense, following his Camp Landshut Saturday to allow the St. Boniface Ladies' society's dishes to be used in entertaining a contingent of the Great Lakes Naval Training Station Band.

This is the second time within a month that Father Metzler has left town for fear of bodily harm at the hands of loyalists. April 5th, he departed after a tar and feather party and been planned to convert him to the daylight saving plan, to which he had refused to conform. He is the second alleged disloyal minister to be ordered permanently out of town here.

are in the foreign legion, in ambulance forces, etc., and in many ways add to the fighting effectiveness of our forces.

In Section 125 of the Army Reorganization Law, approved June 3, 1916, the National Guard, The Boy Scouts of America, and the Naval Militia are the only three organizations specifically named as entitled to their prescribed uniforms which are similar to those of the United States Army.

Berlin announces that U-boats sunk 600,000 tons of shipping during April. It is a lie, replies Paris, only 268,704 tons. Twelve times 268,704 make 3,224,448, so that if the April figures make an average, there is gloom for Paris in her own figures. General Gaulois of the French general staff announces that the Germans have 480,000 men between La Bassée canal and Ypres, or six men to every yard. As there are three feet to the yard and twelve inches to the foot, there must be a German every six inches. It is probably what they call "massing."

REMEMBER.

When you are asked today to make a donation remember that from the hour the American flag leaves his home to train for the army or the navy until the day when he comes back a veteran and a hero in his country's service he is mothered by the American Red Cross.

It follows him every mile of his journey from home to cantonment; it lives with him in camp; it goes with him when he gets orders to entrain and later to embark for an unnamed destination; it meets him on the dock in France; it greets him all along the road to the front; it is first to reach him in No Man's Land when he falls wounded by a bullet or fragment of shell; it carries him back to the dressing station, conveys him to the field hospital, transfers him to a base hospital, transfers him, when near recovery to a convalescent home, and in all of its service, loves him, cheers him and helps him.

If he is taken prisoner, it keeps track of him in the enemy land, and from an immense storehouse in Bern, Switzerland, sends him three ten-pound packages of food every fortnight.

WHAT APATHY MAY DO.

(Moline Dispatch.) Big public policy questions to be at the foot of the ticket in the November elections are: The sixty-million good-road bond issue and the authorization of the holding of a constitutional convention. It would be difficult to say which of these two questions is the most important to the state and the people of the state.

The good roads proposition is being acknowledged on all sides to be the best plan yet worked

out in any state. Automobile owners in Illinois stand pledged and ready to pay for 4,800 miles of good roads. The state issues bonds to cover the expense. The automobile license fees paid into the state in the next twenty years are set apart by the state to pay the principal and interest on these bonds. Even if the number of automobiles in the state does not increase but remains at a standstill (it has been increasing at the rate of 33 per cent a year in the last several years), the license moneys will cover both principal and interest on the bonds, and there will be enough left over for maintenance of the roads and a million a year beside for state aid.

It is an offer of a free gift by the auto owners of the state. The auto owners will vote for its acceptance besides doing the paying. People who do not own autos and who will not have to do any of the paying are asked to vote to accept the gift.

The one great danger of defeat of this proposition is in the fact that it must have a majority of all the votes cast in the election. This even person who fails to vote on this question, either through forgetfulness or apathy, or a feeling that he is not sufficiently posted on it to vote intelligently, is counted as against the proposition.

RIPPLING RHYMS

By Walt Mason

He Also Serves.

Before the war across the sea our thoughts were all of boodles; we showed enough of loyalty by waiting "Yankee Doodle." We groaned when we paid a tax, and raised old Nick and Harry, and said the burden on our backs was much too fierce to carry. If we were asked to rise and aid some project, for a minute, our winning smile would be mislaid; we'd ask "What is there in it?" We'd talk much of the public weal, of things that needed doing; but all we'd do was spout, and chew all rags worth chewing in selfishness. We all were soaked, long years of peace had spoiled us; then Stoker Wilhelm deftly stoked, and raised the fire that roiled us. We've vowed to put him in the broth who made this nation nervous, and we have shaken off our sloth, and our one aim is service. I see the bankers leave their banks, the pastors leave their churches, to round up cheap disloyal cranks and pull them from their perches. I see the merchants leave their stores, to help in bond campaigning; each man forsakes his private chores, no arguing, explaining. We're shaken from the musty ways in which we used to travel; we want to serve, to help, and raise a cloud of dust and gravel. Oh, it's a great thing for souls, it puts new zest in living, thing thing of finding that our oars are only fit for giving.

JOHN K. DEFRATES

PASSED AWAY SUNDAY

Well Known Resident Dies of Pneumonia After Two Weeks Illness—Many Deaths Recorded in City and County.

John K. DeFrates died at Passavant hospital Sunday afternoon at 5 o'clock after a two weeks illness. Death resulted from an attack of double pneumonia.

Deceased was born March 4, 1871 in this city and was the son of Manuel and Mary DeFrates. His entire life was spent in this city. He attended the public schools and later took a position with the city as light trimmer. After several years service he entered the employ of the Central Union Telephone company where he was employed for about six years as lineman.

From that position he went to the Jacksonville Electric and Gas Light company as lineman. After a number of years as lineman he was promoted to the position as foreman of the electric light department. About a year ago he resigned his position and went to Lincoln where he was employed by the public service company of that city.

His widow and two daughters, Irma and Freda, survive. He also leaves his mother and the following brothers and sisters, Mrs. Anna DeFrates, Jennie DeFrates, and Albert DeFrates of Jacksonville, and Antonio DeFrates of Rockford.

Mr. DeFrates was a member of Northminster church, of Modern Woodmen, Aerie No. 559, Fraternal Order of Eagles and the Electrical Worker's Union. During his many years of service in this city Mr. DeFrates won and held the confidence of his employers and the esteem of a large circle of friends. He was faithful in the performance of his duties and withal his record as a citizen was such that it will be a source of gratification to his family in the years to come.

The remains were removed to the undertaking parlors of W. W. Gillham. Funeral services will be held from the parlors this afternoon at 2:30 o'clock in charge of Dr. Walter E. Sponts. The services at the grave will be at 10 o'clock at the Modern Woodmen. Burial will be in Jacksonville cemetery.

Shawen.

Joise Charlotte Shawen, infant daughter of Mr. and Mrs. W. L. Shawen died at the family home, 345 Franklin street Monday morning at 7:25 o'clock. The funeral arrangements have not been made.

Markham.

William Donald Markham, son of Mr. and Mrs. W. O. Markham died at the family home, 909 East College avenue, Sunday morning at 10:30 o'clock. He was born in Clinton, November 11, 1916. Besides the parents one brother, Kenneth Harry and one sister, Ruth Elleen Markham, survive. The body was removed to Gillham's and prepared for burial and will be sent to Springfield where services will be held today.

Butler.

Anna Belle Butler died at the family residence, 520 South Fayette street Monday morning at 1 o'clock. She was the daughter of Mr. and Mrs. George Butler and was born in Paris, Mo., December 8, 1901. She is survived by her parents and two sisters, Doriane Butler and Caroline E. Butler, all of this city. She was a member of the Second Christian church. The remains were taken to Gillham's undertaking parlors and prepared for burial. Funeral services will be held from Second Christian church but the time has not been fixed.

Vasey.

John Vasey died at his home one half mile southwest of Orleans at 12:45 o'clock Sunday afternoon.

Deceased was born in Scarborough, England, December 1, 1867 and came to the United States in March, 1881. He was united in marriage to Annie Rily in Brooklyn, New York. He is survived by his widow and two daughters, Miss Ada Vasey and Mrs. Alfred Swinger. One daughter died in 1902. A daughter by a former marriage is living in Leeds, England, and one brother at McCallsburg, Iowa and five grandchildren.

Mr. Vasey was a member of Union Baptist church and of the Modern Woodmen. He followed the occupation of farming and was successful in that work. Mr. Vasey was noted for his integrity and upright dealing and was highly

ly regarded in the community in which he lived.

The remains were removed to Gillham's undertaking parlors and prepared for burial. Funeral services will be held from Union Baptist church Wednesday morning at 10 o'clock in charge of the Rev. F. M. Crabtree with burial in Union cemetery.

INDEES DEFEATED

PEKIN COMBINATIONS

The Indees defeated the Pekin Combinations at West Side park Sunday afternoon by a score of 5 to 1. The visitors were minus two players who missed the train and they were compelled to fill in

with local players. The game was slow and uninteresting, about only feature being a running catch by Riggs in center for the local team. The batteries were Kitchen and Beerup for Jacksonville, Johns and Gillis for Pekin.

Mention was made yesterday the loss of an Elk tooth charm. J. W. Woods. An honest man found it and sent it by mail. Mr. Woods from Springfield met to the delight of the owner.

Mrs. Grant Gaines returned last night from St. Louis where she has been for several days visiting her son, Harold V. Gaines.

HIGH SCHOOL STUDENTS START RED "X" DRIVE

Organization Perfected Monday—Goal of \$1,000 Set and Over \$800 Already Subscribed—Address by Sergt. Wayman.

At the conclusion of the very interesting address given in the David Prince auditorium Monday afternoon by Sergeant Wayman, the students launched their Red Cross campaign with the goal set for \$1,000. At the close of the school session last evening the total was about \$860 with perhaps only two thirds of the student subscriptions turned in was the result. It is very evident that the goal will be reached and more than passed. Early in the afternoon the Senior Class voted to give up their much planned for Senior party and donate the money that would be thus spent to the Red Cross. It was a big thing for the Seniors to do this as it has always been one of the social events of a seniors life and is very eagerly looked forward to. The amount subscribed by the class as a whole was approximately sixty dollars.

All of the other classes have perfected their organization and by tonight expect to have the entire amount subscribed for.

Sergeant Wayman's address was indeed interesting and he clearly portrayed the need and benefits derived by the Red Cross. His subject of "Citizenship" gave each student the vivid realization of what citizenship means in its broadest sense. The following is in part the substance of his talk:

"You are going to be citizens some day and I want to speak of this citizenship. Canada is one of the smallest countries in the world in population as it is spread out. Canada has men as good, as brave in battle as any place in the world. It is a peaceful nation and a neighbor of the United States. There are no big guns on our borders. When I was in Germany years ago I found that when you went from one country to another along the borders were guards and barbed wire. Passports had to be produced, with photograph pasted on. It was extremely difficult to pass from one country to another. Even in times of peace it was like this. Every nation protected its citizens and its country by guns and ammunition and every man-killing device. When a citizen of one country it was almost impossible to become a citizen of another. In this country we have liberty—we can step across the border lines between the United States and Canada and back again. We believe that to develop the best country and bring up the best citizens is for everybody to be free and not have any kings who would throw you into prison if you said you did not like the president. We believe that in Canada just as you do in the U. S.

Canada Unprepared.

"When the war broke out Canada was in a bad condition. She had no navy except two little boats. An army of only about 1000 men who acted as instructors to the militia which was like your home guards. While working in Germany two men with whom I worked had to go to the armory every day and there they would find in a locker their rifles already oiled and ready to shoot. Uniforms already to put on, the helmet and surgical dressings; everything ready to go to war at any minutes. Every man was taught two trades. Boys and girls would be taken out of school and trained every day, lecturers would come and tell them that they were to be rulers of the world. We believe in freedom unlimited and citizenship gives us the right to liberty and the right to freedom. We do not get it for nothing. Great Britain, 100 years ago tried to impose taxes and the colonists resisted and would not stand for this, and they fought against and succeeded and created independence in the United States. From then to now our fathers have fought and died and sacrificed in order that we could enjoy that liberty and citizenship.

"Germany thought they could conquer Europe and then come to the United States, but the Kaiser forgot one thing—that there is something in the blood of the Anglo-Saxon race that sethres thru the people of Canada and the United States, and that is that these people will not be downed and will not be subjected and they are going to fight for that freedom altho it has taken Canada three years to teach Germany that, but Germany is rapidly learning. It is being driven into their minds. You have got to get into what your government is doing. Your country has declared war on Prussia.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and glowing the skin becomes. Yes! It is harmless.

She sank 7 boats upon which Americans were and when she had sunk seven of them she entered into Mexico and the Kaiser laughed at every message the president sent. When the citizens of the U. S. are threatened, we shall fight against this great power. We fight and avenge the death. The citizens have to fight to maintain citizenship. We are going to fight against autocracy. When the government of the U. S. asked the people for three billions of dollars the people got behind the government and said "No, we will loan you four billions to fight against Germany." No blow staggered the Kaiser so much as when the people got behind their government and gave money.

Paying for Citizenship.

"You have got to pay for your citizenship. If you don't do anything then you are like that German who goes along and tries to kill the wounded, if you do not get behind this Red Cross drive. If you went to Canada you would see 27,000 men with arms and legs off because of this cruelty. You have got to do your part in this war, if you are going to be citizens you must pay the price. Now is the time to do something. If you don't you are like the man who goes behind and kills the wounded. Get behind the Red Cross and supply the men with those things that relieve their suffering. Every man, woman, boy and girl must do his part and help get the Kaiser. Get down to work and see that not one moment of your time is wasted, not one cent of your money is wasted, and prove to everybody that you are loyal and that you are behind your government. You will strike a blow at the German baby killers. With all this frightfulness, with this intention to ruin our liberty they could not because we are a love! people."

A WONDERFUL MAP.

Mrs. J. P. Lippincott has in her possession a wonderful map made by her mother, Mrs. Adams at the age of twelve years in 1822. It is a map of the United States and the coloring and general work bear a very close resemblance to regular printed work; in fact it is a marvel of skill, intelligence, art and geographical knowledge. The

country was somewhat different then. A tier of state, Illinois, Indiana, Ohio, Pennsylvania and the six New England states formed the north boundary of states. Below them were the southern states; above was Michigan territory which represented the territory now occupied by Michigan and Wisconsin. All west of the Mississippi river was practically unknown and was put down as Missouri Territory. Needless to add, Mrs. Lippincott prizes the map very highly.

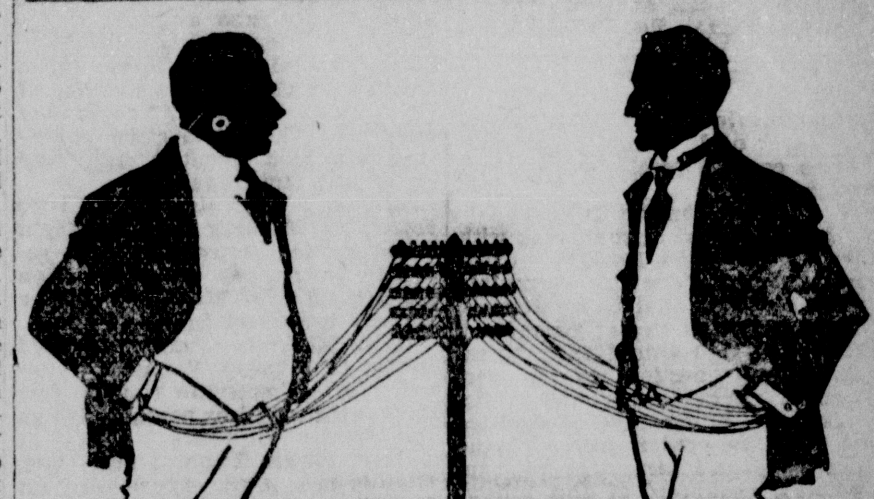

O'CONNELL TRIAL SET FOR WEDNESDAY.

The trial of Timothy O'Connell of Brown county which is to be

held in the Morgan county circuit court on change of venue has been set down for trial Wednesday, May 22. In this case the defendant will plead self-defense. The killing occurred near Versailles, Brown county, about eighteen months ago. O'Connell claimed that he was about to be attacked when he fired a shot resulting in the death of his neighbor for which he is now to be tried.

WORK PROGRESSING.

Brick have now arrived and quite a lot have been laid for the foundation of the new building at Passavant hospital and the work will be pushed henceforth.

SCOTT CO. RED CROSS CAMPAIGN UNDER WAY

Nearly Third of Sum Desired Subscribed First Day—Death of Mrs. Stephen Guinane Recorded—Special Program at Riggston Church.

Winchester, May 20.—That the first day of the Red Cross war fund drive was a success in Scott county was evidenced by the fact that the total subscriptions pledged during the day reached the sum of \$3,105.00. Scott county's quota in the campaign is \$10,000. Oxville was the first precinct of the county to secure its quota, and will receive the handsome Red Cross flag promised by Mr. Fritz Haskell for the first precinct over the top. The flag was made by Misses Susie O'Donnell, Catherine Lyons, and Nellie Lashmet. Three county precincts have not yet reported.

Decorated Day Plans.
A number of citizens met with the old soldiers Monday evening at 8:30 o'clock to formulate plans for Memorial Day. Rev. C. W. Casely was elected temporary chairman and Otto Henry secretary. The question of a permanent organization was discussed. An executive committee to act in conjunction with the chairman and secretary was appointed, composed of the following: C. W. Smith, William Wells, and Rev. W. R. Johnson. Cecil Hamilton was appointed to select the speakers for the day. Misses Bertha Miner and Lillian Sibert, and S. W. Walters, were appointed a committee on music. Soliciting committee, Robert Sperry, Frank Mason, Fred Hamilton. Samuel Peak was appointed flag solicitor for decor purposes.

Mrs. Stephen Guinane Dies
Death came to Mrs. Stephen Guinane of near Atney, Monday afternoon at one o'clock at Our Savior's hospital in Jacksonville, following an operation for goiter. Mrs. Guinane had been in poor health for a year or more but had been a patient at the hospital for just a few days. The news of her death will come as a sudden shock to her many friends. She was about 30 years of age and leaves the husband and one little daughter about two years of age. Her parents, Mr. and Mrs. James Brown, Sr., of west of Winchester, also survive her, as do two brothers and other relatives. One brother, Walter is in National Army service. She was stationed at Camp Taylor, Ky. Deceased was formerly Miss Minnie Brown and was for several years teacher in the county schools, having taught at the Seminary school and other places in the county. Her personality and character were such as to impress her acquaintances and her death will be mourned by many of her former students with sincere regret and sorrow. The body was removed to the undertaking parlors of

HUMANITY DRIVE WILL BEGIN TODAY

(Continued from page one.)

He explained the pledge cards which call for payments in four installments beginning July 1. He urged the canvassers to spend all their time at the work, covering their territory as quickly as possible instead of devoting only a few hours a day.

Individual Subscriptions
Mr. Crabtree stated that it was the preference of the committee to solicit subscriptions from individuals rather than from firms but that of course the solicitors cannot dictate as to the manner of giving. "The time has gone by for apologizing as to how quickly one campaign follows another," said the chairman. "War is a business and this matter of soliciting funds is a business which must be given attention. If the war is won a big part of the work must be done at home. The government has its right to claim a man for overseas service and it also has the right to demand his time for work here. In soliciting for subscriptions you can certainly put the matter up to each person as a matter of absolute duty. We are seeking here \$35,000 for the general Red Cross fund and \$10,000 for the local fund, and the latter sum is indeed too small. In reality we morally owe more than \$35,000 for the general fund because there is the recollection that we failed to raise our fund last year."

Good Beginnings
Then Mr. Crabtree called on several in the company. Principal Clayburgh of the Business College could report that students were working at the Red Cross headquarters and had already collected between \$55 and \$60. T. W. Callahan, principal of the high school, stated that members of the senior class had voted \$50 they had saved for a class party to the Red Cross and in the afternoon \$80 toward a self-fixed quota of \$1000 had been raised at the high school. The store of Mallen & Son next to the Red Cross headquarters was used as a cloak room and Mr. Mallen had conceived the idea of making a small charge for the care of hats and coats, and so the chairman, laughingly, announced the receipt of \$10 from this source. Mrs. Miller Weir was glad to report a contribution of \$50 from the Woman's club which would in no way conflict with the subscriptions of individual members of the club. H. M. Capps indicated the interest and readiness of the people to give by the announcement of a \$100 subscription which he secured during the day.

In the Trenches
Sergt. Wayman began without introduction after he had been presented in a complimentary way by Pres. C. H. Rammelkamp. In simple language he immediately began the narration of the soldier's every day life in the trenches. Rather it was a narrative of night life because it is under the cover of the darkness that most of the work of the soldier in the trenches is done. So close are the trenches of the opposing lines that what little there is of safety comes only after the fall of night. First the speaker took his auditors with a rationing squad. He described first the trench, and to a depth of 75 feet, with its sandbags about the mouth forming a parapet wall, and the slimy mud a soft bottom. The sergeant crawled down into the trench for six privates, then their dangerous winding journey to the mule drawn supply car was described. The interesting details of the soldier's mess were given and the auditors saw the ration crew making the devious way back to their comrades. It was indeed a dangerous journey as the sergeant pictured it and the audience listened with a breathless sort of interest. Then Sergt. Wayman described the burial of a soldier picked off by a German sniper, with a pathos that went deep. Then this picture was relieved by another of the burial of a "dough boy" whose marvelous native vocabulary enriched by two years in trench service, Sergt. Wayman made his hearers see and know just how a soldier feels by day and by night as he serves his country on the border of No Man's Land in France.

Red Cross Knows No Nationality
"Some of you may not like it," said Sergt. Wayman, "but you should know that a German wounded man gets the same treatment from the Red Cross organization that is accorded to our own soldiers, but after all, just because Germany is giving such an example of brutality here is no reason why this organization should not show to the world its fine spirit of humanity. In our war are along the trenches it is inevitable that bullets are flying and the air is filled with missiles that some are killed and others wounded. It is a task of a soldier to bring his wounded comrade within the line. When once we have brought a man within the lines and delivered him to the Red Cross station, our duty ends. We are satisfied, for we know that our comrade will receive the very best care that can be given. Nothing that we can do will help. Soldiers know so well what the Red Cross service means that many of them count it a wound a blessing. They know that a wound means a pain but they know too, the tender care and treatment that will be accorded them in the Red Cross hospital."

An Antidote for Hostility.
In this campaign for funds you must remember that you are asking money to keep your own boys human. War with its bloodshed is brutalizing and here is the greatest need for one humanizing organization like this to keep your boys tender. The Red Cross humanizes and nothing more need be said in its behalf. When our Canadian soldiers were ready for the assault upon Vimy Ridge they had the enthusiasm which could not be defeated. They were certain

that they would take that ridge the Graves of 64,000 British. The graves of 75,000 French and who had tried in vain to take that ridge meant nothing to them. Every man knew that at least 60 per cent of their number would never come back. Yet a fine enthusiasm consumed their souls which meant that they could go to the attack undaunted and that nothing could stop them. I was wounded in that battle and the day that I was carried on a stretcher to the Red Cross hospital I was only one of 3,000.

"Think of the stupendous task of the Red Cross organization in carrying for the thousands of wounded men. This service must be rendered immediately if it benefits. During the present great raid on the western front it is related that 25,000 German soldiers have been wounded and as you contemplate this number you can gain some idea of the stupendous task which faces the Red Cross organization."

RED CROSS CAMPAIGN NOTES

Included in the decorations at the Red Cross headquarters is a Canadian flag. This emblem is especially appropriate now because of the presence of Sergt. Matthew Wayman and he was draped last night on the wall above the platform where he stood. Chairman Crabtree was able to secure this flag thru the kindness of Mrs. W. R. Stanbury of Quincy. It is a silken flag of large size and greatly prized by the owner because of the associations which cluster around it.

Did Not Want to be Missed
Mr. Crabtree said the interest in the Red Cross was well shown by Clarence Rataichak, one of the selected army men who will leave for service Saturday. This young man called at the Red Cross headquarters to make his cash donation and evidently feared that his fellow workers would overlook him during the hurry of the week.

Boys Appreciate Boxes
The chairman last night read a letter received by Mrs. W. P. Runyon which read like this: "Somewhere in France, April 2. Dear People: I have had the greatest pleasure of receiving your package today and I cannot tell you how grateful I am to the home people in America. We are in the hospital and thirty of the boys in this ward had the same pleasure as I, for the gifts came from the same town and there could not have been a happier lot of boys. They were like a lot of children in the states opening their Christmas packages. I am from the state of Maine and have seen nineteen summers and hope to see many more. Will close for this time, hoping you all good luck. Private Carl Peterson, Co. L, 125th Infantry."

Swift & Co's. Liberal Gift
William Robinson, speaking for Swift & Co., said the local branch has just received a letter stating that the Red Cross subscription of Swift & Co. for the month of March is \$250,000. In the past the firm has sent the money direct. This time it was decided to apportion the amount among the branches according to size. The allotment of this sum for the Jacksonville branch is \$400 and the branch is authorized to check for \$500 ready to turn over to the treasurer.

As Indicating the Interest of Swift & Co. he read this paragraph: "In addition to the contribution by Swift & Co. we hope that you will feel the patriotic necessity of this campaign and will make employees' contributions as liberal as they can afford."

The Third Ward Teams
The following persons will serve on the various teams under the general direction of Dr. R. R. Buckthorpe in the third ward: W. R. Hainline, Lieutenant; Matthew Hildreth, Mrs. E. C. Carpenter, Scott P. Carter, James Kennedy, Norman Kuykendall, Lieutenant; Dennis Schram, Mrs. T. B. Reeve, Mrs. Charles Sheppard, Mrs. John Kastrup, Mrs. J. O. Cain, Mrs. C. H. Coe, Mrs. C. W. MANCHESTER BOY DIES FOR COUNTRY

Maurice Peters Dies at Training Camp in America, Ga.—Son of Rev. Frank Peters—Little Girl Injured By Explosion of Torpedo.

Manchester, May 20.—Rev. Frank Peters received a telegram this afternoon conveying news of the death of his son at a training camp in Americus, Ga. The telegram gave the bare news of death and said that particulars would follow, so it is not known whether death resulted from an accident or from natural causes.

Maurice Peters was the son of Rev. and Mrs. Frank Peters. Rev. Peters is pastor of the Methodist church at Manchester and is well known here where he has visited and attended M. E. conferences. The family came to Manchester from Farmersville last September. The young man was 20 years of age and enlisted for service at Jefferson Barracks December 28, 1917. He was assigned to the aviation section and was to have received a promotion to Sergeant at an early date.

Besides his parents he is survived by two brothers, Mac and John and one sister, Edna. The remains will be sent here for burial but the time of the funeral is not yet known.

Lennie McNece, aged nine years, daughter of Mr. and Mrs. George McNece, was painfully injured about the face and head today by the explosion of a railroad torpedo.

The child had found the torpedo while walking along the railroad tracks and took it home and was playing with it. The torpedo exploded and the child's face was badly cut.

Dr. Weis and Dr. Lucas were called and gave the necessary surgical attention. No serious results are anticipated.

CO. D TO RECEIVE FLAG NEXT MONDAY.

Members of Co. D, Sixth Regiment, I. M. R. C., enjoyed a brief talk from Sergeant Wayman at Armory Hall Monday evening. There was between sixty and seventy men in line and all enjoyed the Canadian soldier's remarks very much. The men were issued their new rifles last night and found them somewhat different to handle than the wooden ones with which they had been training. The company was also taken out on the square and given some street drilling.

Next Friday night another drill will be held at the Armory. It is important that every man be in his place Friday evening.

The shoes, hats, hat cords, belts and leggins have arrived but the remainder of the uniforms have not yet been received. The men were instructed to secure their hats and shoes for the drill Friday.

Lieut. Farrell announced that next Monday evening at 8:30 o'clock, Hon. Andrew Russell will present the flag which he recently purchased for the company. The public is invited to witness the presentation ceremonies.

LEO SUITER WRITES PARENTS FROM FRANCE
Tells of Life "Over There"—Says He is in Fine Health and Enjoying Self.

Leo Suiter who was one of the first Jacksonville boys to go across the water has written his parents, Mr. and Mrs. John B. Suiter, interesting letter. The letter follows:

April 28, 1918.

Dear Parents:

Well, I have been watching for a letter from home for some time but I suppose we will be having a bunch of mail one of these days, as it always does come in batches.

We have a new mascot now. You couldn't imagine what it is. It is a young wild boar. It stands about eight inches high and resembles a pig, with the exception that it is almost all head with bristly hair with dark stripes down its back, sure a queer looking animal to a person who has never seen one.

It is so young that it has to be fed on milk from a bottle and nipple. They are now trying to teach it to drink from a bowl by letting it suck their finger. It is sure going to be a great mascot. They let it out and it tags along behind and if you run from it you should hear the grunting and squealing it makes trying to keep up, and you believe me it sure is some sprinter.

I received a bunch of papers the other day and was reading about the high school and Trinity church fire, and also the clippings from Eleanor. It sure was lucky that it didn't catch on the Dunlap hotel, Jacksonville, Illinois, Wednesday, May 22, 1918. One Day Only. (Returns every 28 days.) Hours, 8 a. m. to 4 p. m.

OPERA HOUSE TOO SMALL FOR SUNDAY MEETING

RED CROSS ENTHUSIASTS THERE IN VAST NUMBERS

Sergeant Wayman Addressed Outdoor Assembly as Preliminary Part of Program was Given in Auditorium—Patriotic Decorations and Music Helped Make Occasion Notable—Campaign Purposes Outlined.

The Red Cross mass meeting at the opera house Sunday night drew an audience which more than filled the auditorium. The doors were opened shortly before 7 o'clock and every seat had been taken within 15 minutes. Sergeant Wayman addressed an overflow meeting for twenty minutes and then entered the opera house to make an address there. The Liberty Band under the leadership of J. Bart Johnson escorted members of the Matt Starr post and the Woman's Relief corps from their headquarters on Morgan street to the opera house and the band then played several selections near the opera house entrance. Sergeant Wayman spoke from an automobile after he had been introduced by John J. Reeve.

At the opera house the invocation was by Rev. J. F. Langston, after the entire audience had joined in singing America. M. F. Dunlap, chairman of the Red Cross county organization, called the assembly to order and made the preliminary statement and introduced Edgar E. Crabtree, chairman campaign committee, to preside. Mr. Crabtree made a brief reference to the purposes of the campaign. Two chorus numbers by young women from Illinois Woman's college under direction of Mrs. Florence P. Hartmann were greatly appreciated by the audience. The young women were dressed as Red Cross nurses and as they sang, marched about the stage young men seated on the stage who are soon to enter the army service. Each of the young women carried a wreath and as they sang verses of the second song they went thru the pretty ceremonial of crowning each one of the heroes to be, the movement fitting in appropriately with the patriotic lines of the song.

A Beautiful Stage Setting
When the curtain was raised and the audience asked to join in the singing of America it was indeed a beautiful patriotic spectacle which met the eye. Members of the Liberty band were at the back of the stage and in front

of them were the soldier boys and the college girls clad in Red Cross uniforms. The drop curtain was a great red cross on a white background, designed and painted by Lloyd Reid. On all sides were draperies of U. S. flags, Red Cross flags and the emblems of the allies. Scarlet lighting was used as the curtain rose and then changed to other hues, and indeed the stage setting was one of very great beauty. The decorations of the stage were in entire keeping with those throughout the auditorium. The committee had been at work for a week on this matter of decoration and the auditorium certainly gave evidence of that work as artistically conceived and as artistically carried out. The tri-colors of France were conspicuous, as were the colors of many of the allied nations. The draperies of flags and patriotic colors extended clear from the roof of the theatre to the floor. On the walls were scores of smaller flags and Red Cross posters, and yet with all the elaborateness of detail there was perfect symmetry of idea and the general effect was one which called for compliments from all of the audience.

Sergeant Wayman's address, as was true of his other public utterances here, covered some of his own experiences with the Canadian soldiers at the battle front in France and his experience and observations were narrated with the purpose of emphasizing the beneficent work of the Red Cross organization.

As a part of the musical program Harold Johnson played with splendid ability a trombone solo, "There is a Voice from France," the band playing the accompaniment.

Mr. Dunlap Speaks Briefly
Mr. Dunlap in his brief remarks referred to the excellent record that this county has made in the matter of the number of members in the Red Cross society and the great number of knitted garments and supplies furnished by loyal women. He mentioned, however, that last year the county allotment of \$25,000 was not raised and said that for this reason there is a special demand that the present allotment of \$45,000 should not be raised but exceeded. "Women have done their part in these past months and I want on behalf of the Red Cross organization to make public recognition of their loyalty and devotion. Yes, the women have done their part and now the question is up to the men of seeing that the right record is made in this Red Cross campaign. It seems to me it would be a fine thing if in this Red Cross work we could simply set a day as they do in elections with the understanding that every voter would appear at the polls and then and there make his subscription in accordance with his financial ability. Conditions are such that it really should not be necessary for captains and lieutenants and workers to have to individually call upon the people for their subscriptions to this necessary work. It is a common cause. The men over there are fighting for our liberty and it is a question of responsibility of all in providing the necessary supplies and equipment. We must not be satisfied in this campaign with raising our allotment for the county must go over the top.

"I would like to see a record made in this county in this Red Cross campaign as was done in the 44 counties of this state under the leadership of E. E. Crabtree, your chairman in this campaign. The consequences of this war are the most important in the history of the country. In the Spanish war we failed to make Cuba free, in the Civil war we failed to preserve the union and in the Revolutionary war to throw off the yoke of Great Britain. Today we are fighting to keep the iron heel of Germany from crushing out civilization."

Mr. Crabtree Presented
Mr. Crabtree when he was presented as the chairman was greeted with a hearty applause which betokened the earnest support and interest of all the audience in the campaign which is now beginning. Mr. Crabtree explained that it was the hope of the committee that everyone will give something toward this campaign. "Large subscriptions, those of moderate size and small ones are all wanted and needed. The cause requires not only money but the sympathy and interest of the people. Those who give toward a cause are more interested in it."

THINK A MINUTE! All of the Red Cross Fund goes for war relief work.

than those who look on. As this is a campaign to raise funds for a great humanitarian organization, it is a movement in which every true-hearted American has his place and part. It is the hope of the committee that the housewife who has no fixed income will be able to save each week during the next few months something from the allotment for household expenses to be devoted to Red Cross work, and every laboring man will be willing to give at least the proceeds of a half hour's work a week toward this cause." Again Mr. Crabtree urged those present to put aside all social engagements for this week. Talk and think and act Red Cross all this week is the wish of the campaign committee and if you do so faithfully there will be no question about Morgan county raising its quota and exceeding it in fine form.

Sergeant Wayman's Address.
Sergeant Matthew Wayman in his opening statement said he was seeking to reach those people who really wanted to do something in war time work and who were not certain about the avenue. He wanted also to reach those who have thus far not been interested in war time activity and still another class, including those whose interests had not been of sufficient degree to prompt them to make any contribution. "Germany may brag and strut and carry forward enormous war preparations. Germany practices unspeakable cruelties and disregards every precept of international law, but Germany cannot and will not win as long as truly loyal peoples are opposing them. If you are loyal at home there can be no question about the condition of your troops abroad or the result of this great war contest."

"When the Canadian troops went to the front they were unprepared but it did not take them long to find out some of the German tricks of warfare. As a whole your nation has the advantage of learning by the mistakes of other nations, and your soldiers will not go forward in the unprepared condition that was true of Canadian and English soldiers in the earlier days of the war. In this great contest Germany represents the force that is seeking to destroy and so its purpose is diametrically opposed to that of the Red Cross organization, which is seeking to save life."

Tells of Work of Red Cross
The speaker then told of his first observation of the Red Cross organization abroad which began at the moment he landed with the troops in England. There were Red Cross ambulances and Red Cross nurses and supplies, and on every hand were the evidences of the beneficence and necessary work which this organization is carrying on. He told not only of the immediate relief that the Red Cross gives to the wounded soldier—the humanity that it extends—but of the fine touch of home and sympathy that it gives as well. "The Red Cross takes away the sting, thru its service of tenderness, when a man is undergoing physical pain. It furnishes the reminder of home, when coarseness or the brutal reign. The soldier at the front who really takes part in the trench warfare at times thinks that he has been with Christ and God and thru hell itself. I well remember when I returned to my home in Canada after my long period at the hospital, my father said to me, 'Lad, you have matured in these months. You went away a boy and now you have suddenly come back a man.' The experiences thru which one passes in that country either make or break the character."

"You should remember when you are thinking of this Red Cross work what the condition really is. If you are not helping this work you are aiding the kaiser." The speaker told incident—after incident of observation on the battle front and in the hospital to prove the efficacy of the Red Cross work. There were incidents to recount the faithfulness of the Red Cross physicians and nurses, of their spirit of self-sacrifice and of the 27,000 wounded soldiers now in Canada returned from the front, that all would stand up as one man to testify of the broad humanity of the Red Cross organization, "the greatest mother in all the world."

JACKSONVILLE MAN POSTPONES HIS FUNERAL

"I am 66 years old and for past two years have been suffering with body from stomach and liver trouble, bloating and colic attacks that I did not expect to live more than a few months and was arranging my affairs and even my funeral. Three doses of Hall's wonderful remedy have entirely cured me. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Coover & Shreve East Side Drug Store.—Adv.

FEW DROPS AND CORN LIFT OUT

Soft corns, hard corns, soft corns or any kind of a corn can harmlessly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection. This simple drug, while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue. This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.—Adv.

HANDSOME GIFT FOR WOMAN'S COLLEGE

President Barker Announced Receipt of \$3,000 for Establishing Amy Mothershead Scholarship.

Yesterday at the Woman's college Dr. Barker placed in the social room an excellent portrait of Miss Amy Mothershead, formerly dean of the faculty and recently deceased. The portrait was sent by Mrs. H. D. Lusch, sister of Miss Mothershead. Last evening at the vespers service Dr. Barker was able to announce a gift of \$3,000 sent by a personal friend of Miss Mothershead in the east, thru the establishment of an Amy Mothershead scholarship. The donor in addition to sending \$3,000 sent also \$175 so that the scholarship may be available for the coming year. It was the expressed wish of the donor that her name be kept secret and it was her desire that the first girl to receive the benefit of the scholarship shall be some one known to Miss Mothershead. This generous friend of the college and devoted admirer of Miss Mothershead wrote that she had been prompted to make this gift because of her admiration for Miss Mothershead whose work she believed was well summed up in the scriptural verse, "They that turn many to righteousness shall shine as the stars forever and ever." Dr. Barker some weeks ago visited this eastern friend of the deceased dean so that the gift to the college did not come wholly as a surprise to him.

FREE KINDERGARTEN GIVES MAY FESTIVAL

Program of Merit Given on Lawn at Home of Mr. and Mrs. Lee Allcott.

A lovely sight was presented on the lawn in the rear of Mr. and Mrs. Lee Allcott's home on West College avenue yesterday afternoon when the children of the free kindergarten had their May day festival.

The place was most beautifully decorated with flags and national colors and all else was there to make the occasion all that could be asked. Chairs for the spectators were arranged so that all might enjoy the program, which was of a high order. The little folks did their parts with all the innocence and attractiveness of childhood and all of the large audience present was delighted. The costumes were especially attractive and befitting the character assumed; those representing flowers were arrayed in keeping and so on all thru the list.

Miss Claribel Hopper is the teacher in charge and her assistants are Misses Helen Allcott, Edith Rogers and Leone Dawson, and special helpers for the day, Misses Eva Williams and Esther Davis.

There was a good attendance and quite a sum was added to the treasury of the organization.

The following was the program:

Awakening of the flowers,
Fair—Helen May Lewis.

Violet—Catherine O'Leary.
Forget-me-not—Delba Enslee.

"WITH THE COLORS"

S. A. Fairbank recently received the following letter from James Lemon now in the army service:

Hq. 14th Det. Portland, Oregon.
144½ Russell Street.
May 11th, 1918.

Dear Folks:

Have been unusually busy during the past week and altho I started to write several times my effort was never completed. I certainly am glad that you people can always find time to drop me a line as I surely like to get your letters.

Weather remains fine, both days and nights are perfectly made to order. Gardens, lawns and fruit trees are flourishing. As I remarked once before I can readily see why Oregon people are so contented and how it is that people from other parts of the States become Oregonians if they stay here about six months.

Was down the coast a short distance nearly all week, to Astoria there are several large ship-yards in Astoria and we made the recommendations for the guard system. You see they were unable to get the protection of troops, just now so it was necessary for them to hire a force of trusty civilians. We went down there and made suggestions for the lighting of the entire yards and also instructed the hired guards in the military manner of doing guard duty.

Our guard duty continues to be painfully monotonous, it is only occasionally that we make a capture and then it usually a stray bum or fisherman, however in preparedness there is always a certain amount of protection.

Have not talked with Bert Sanford for nearly two weeks but heard indirectly that he is in very good health. Mrs. Sanford is rather worried over her brother who is, and has been, on the western front of France for nearly three years. I think I shall see Mr. Sanford in the very near future as we have arranged to go trout fishing soon.

I looked over the list of conscripted men from Morgan

county with a great deal of pleasure both because of the fitness of the men mentioned and of the fairness of the system. It is absolutely the most perfect manner of establishing material for an army that can be arrived at. These young men will know there is something called discipline before they are much older and it will be the best thing in the world for them.

I received a letter from Victor Vierra who is, at present, physical director in the Railroad Y. M. C. A., at Pocatello, Idaho. He mentions that he is going to Camp Lewis in the very near future.

The Clubs and Y. M. C. A. are very good to us here in Portland and nearly every day I swim in one place or the other. The beaches will be opening soon and then one can swim in a great many places. Just now I am devoting what little spare time I have to riding, swimming and motorcycling. Usually get to bed about four or five in the morning and get up about noon so if there is not administration work to do I have about five hours to devote to exercise and pleasure.

The various camps will soon be opening with about 233 thousand rookies and this will mean that a good many new camps in addition to the present ones will have to be built. I do not know what our ultimate 1 camp will be but as usual I am hoping for embarkation orders.

With love,
JIM.

From Camp Dix.

The following letter of interest was received at the office of the Journal yesterday: Young Geanetos left the 30th of last month for Camp Dix with the fifty-one young men from Morgan county. The communication follows:

The Jacksonville Journal, Jacksonville, Ill.

Dear Sirs:

Please send me the Journal daily for three months. All Morgan county boys are well except Eckels and Sullivan, who have been sick and removed to the base hospital and they are getting along nicely. Harney has been assigned to the Field Artillery and Wainer has been assigned to the 311th Infantry. The 311th is ready for overseas service, and I think he will go along with it. The rest of the boys remain together.

Yours very truly,
Christos Geanetos.

Y. M. C. A. No. 2,
Camp Dix, New Jersey.

T. M. Tomlinson yesterday received a card from Harlan Williams who is at Carlstrom Field, Arcadia, Fla., on which the writer said: "Thanks for the remembrance sent with my father. I am now flying and like it fine. A little more exciting sensation than riding in a 'Lizzie'."

Sergeant Jay Rodgers in a letter to his father received yesterday, gives an interesting description of Camp Upton, L. I. He mentioned having met George Vasconcellos on the street there. These Jacksonville young men are now in different companies and both are expecting to go overseas at no distant date.

The Massachusetts Federation of Women's clubs will hold its annual meeting in Boston next month.

For Itching Torture.

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warning

Pimples on the face and other parts of the body are warnings from nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drug store and get a bottle of S. S. S. today, and get rid of those unsightly and disgusting pimples, and other skin irritations. And, if you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.—Adv.

FUNERAL SERVICES FOR HILTON MIDDLETON

Services for Pioneer Resident Monday—Other Funerals.

A large concourse of friends gathered at Wesley chapel Monday afternoon to pay a last tribute to the memory of Hilton Middleton. The services were in charge of the pastor, James O. Kirkpatrick. Mr. Kirkpatrick took his text from 2nd Cor. 5:1. The pastor delivered an eloquent discourse and also read the following memoir of Mr. Middleton:

Hilton Middleton was born in Middleton Tyres, England, November 3rd 1838 and departed this life at his country home six miles south west of Jacksonville, May 18th, 1918.

The deceased came to this country from England when he was a lad of ten years of age his parents desiring to better the family welfare looked afar to this country of which they had heard so much, set sail from the home land and emigrated to America.

The Journey From England.

They came in a sail boat and the long tedious journey had its many incidents that were a matter of comment and conversation in the whole family history among the many things, was the death and burial at sea of the

the daughter and baby sister of the deceased. He saw the sailors and friends wrap the body in its shroud and solemnly consigned to the sea to await the call which both earth and sea shall hear when the sea gives up her dead.

The parents settled for awhile in the so-called "Point" neighborhood and later removed to the farm which will be known as the old Middleton estate.

The deceased, after the parents demise, became the owner of this estate which has been his home thru these many years of his life. With the exception of the first ten or eleven years his whole long and useful life has been spent here.

He saw the forest yield to the woodman's ax. He saw the day of the log cabins and heard the howl of the wolves that prowled around the settler's door.

His education was obtained at the school house in the proximity of Lynville, receiving what was offered to the children of that day. He improved his opportunity and obtained a fair knowledge of the books and then experiences came to his aid. Thru both these channels he became a well informed man and was a successful and careful business man.

Served in the War.

When the call of war sounded he became a soldier and was a member of Company "H" 129th Regiment of the Illinois Infantry. He has the peculiar distinction of being at Atlanta when the memorable "March to the sea" began. He marched with that victorious army all the way and many are the incidents which he has related of that march. He was a comrade of some old comrades of veteran. In this March the dust and heat of the march brought on a disease of the eyes which at last deprived him of the sight of one of them. At this time when the Nation is at war again and when we so nearly approach the day when the Nation rests from its hurried activities to pay honor to the memory of these worthy men who gave their best to save the nation we mention with great feeling the fact that the deceased stood for the rights of man and a world freed from tyranny and slavery. It is these lives that bring inspiration to their sons and grandsons to go forth and fight for the rights not if a race but for the rights of all men and for a world made safe for Democracy. We honor the memory of these worthy men and while words can not suffice, may our loyalty and love for the flag they loved and fought for, be strengthened and we be ever-ready to defend it by voice and sacrifice.

The deceased was married to Margaret H. Allan on December 16th, 1875. Of this union six children were born, all of whom survive their father. They are as follows: Mrs. Clara Patterson, Mrs. Olive Patterson, Grace, Mrs. Bessie Vasey, Mrs. Sarah Scott and Robert, all of whom reside either at home or in the close neighborhood.

The deceased is the oldest and the last of this splendid English family that came to find a home in Morgan county and is the first death in this immediate family, which, in itself, is a matter of interest for how few homes there are that have not had a vacant chair.

His Church Life.

The best of it is, the deceased who was a good soldier of the victorious army of his beloved country, became a soldier of Jesus Christ and was truly a soldier whose life is worthy of emulation. He was converted at a prayer meeting held at Peter Ranson's home during the pastorate of the Reverend A. M. Dancy in 1892. He united with the Methodist Episcopal church at "Wesley Chapel" or commonly called the "Point Church". His life was consistent and beautiful and as old age crept on his hair was truly "a crown of glory" and his noble face would shine, as

the truth of the gospel found its way to his heart. The church has truly lost a strong and true supporter and official and it today mourns the loss of one who had honored the church with a worthy life.

He was a man of kindly spirit and was a gentleman of the old English type and was beloved by all who knew him. In his family life he was gentle and ever kind and of forgiving and forgiving nature. His family of six children and eleven grand children rise up today and call him blessed and all who are of understanding years appreciate his worthy life.

By the departure of this splendid citizen we are brought to the fact that:

There is no union here of hearts that finds not here an end.

Were this frail world our only rest, living or dying none were blest.

To those faithful, loving ones, who of all others loved him most,

I commend the comforting lines written by the sweet singer Whittier:

I long for household voices gone,
For vanished smiles I long;
But God hath led my dear one on
And He can do no wrong.

There were many flowers and these were cared for by Mrs. John Gibbs, Mrs. Leslie Lewis, Miss Cora Meggison, Miss Sella Scott and Harry Scott. Music was furnished by Mrs. Frank Ranson, Mrs. Albert Richardson, Fred Scholfield and John Lazenby.

Burial was made in Diamond Grove cemetery the bearers being J. W. Allen, Floyd Allen, Robert Allen, Allen Sturdy, Lee Sturdy and Allen Scott.

Funeral services for Earl Wallace were held from the family residence on North West street Sunday morning at 9 o'clock in charge of the Rev. Walter E. Spouts. Burial was in Jacksonville cemetery.

Funeral services for Mrs. Catherine Spurrier died at a local hospital Monday aged 42 years. Deceased was a resident of Jerseyville. The remains were removed to the undertaking parlors of John G. WHITE SOX WIN GAME FROM NEW YORK

Williams Allows Six Scattered Hits—Yankees Make 25 Assists

Boston Defeats Naps 11 to 1—Other American League Games.

New York, May 20.—The Chicago White Sox today won their first game of the season in New York defeating the Yankees 11 to 1. The Sox, Chicago's left-handed, held New York to six scattered hits. The world's champions did not waste a pitch, bunching their ten in the four scoring innings. No New York outfielder caught a fly during the game, but the Yankees made 25 assists.

The score: R. H. E.
Chicago.....000 000 10—11 5 1
New York.....000 000 10—1 0 2
Batteries—Williams and Schalk; Love, Morridge, Russell and Hannah.

Boston, May 20.—Boston hammered Bagby for seven runs on six hits and Speaker's error in the fifth inning today. Groom finished for the visitors and was hit freely. Boston won 11 to 1. Boston hit sixteen safeties for a total of 24 bases. Mays held Cleveland to five hits. In the eighth he hit Speaker squarely on top of the head. The latter did not collapse but ran the bases.

The score: R. H. E.
Cleveland.....000 000 00—1 5 1
Boston.....000 070 22—11 16 0
Batteries—Bagby, Groom and O'Neill; Mays and Schang.

ST. LOUIS WON FAREWELL GAME

Washington, May 20.—Urban Shocker pitched St. Louis to a 4 to 2 victory over Washington here today in his farewell game before joining the National army. Washington used up thirteen players in a vain attempt at victory. Gedeon's three hits, a single, double and a triple, sent home three of St. Louis runs.

BROOKLYN'S TIMELY HITTING BEATS CUBS

Hits by Wheat and Myers Gave Brooklyn Lead over Chicago—Wins First of Series from St. Louis—Other National League Games.

Chicago, May 20.—Timely hitting, which included Wheat's double and Myers' home run following an error by Hollocher, gave Brooklyn a commanding lead over Chicago today and they won the first game of the series 5 to 2. Walker who started for the locals was driven off the mound following Wheat's double. Myers, the first to face Carter made his circuit drive when the ball bounded over the left field screen.

The score: R. H. E.
Brooklyn.....400 000 000—5 10 0
Chicago.....101 000 000—2 8 2
Batteries—Marquard and Kruger; Walker, Carter, Weaver and Kilfie.

POOR FIELDING BEATS ST. LOUIS

St. Louis, Mo., May 20.—Poor fielding by the local team coupled with opportune hitting by New York enabled the latter to win the first game of the series today 5 to 3. St. Louis threatened a belated rally in the ninth but after two runs had been scored Anderson replaced Perritt and retired the side.

The score: R. H. E.
New York.....010 000 130—5 8 1
St. Louis.....100 000 002—3 7 2
Batteries—Perritt, Anderson and McCarthy; Sherdell and Gonzales.

PHILADELPHIA DEFEATS PITTSBURGH

Pittsburgh, May 20.—The Philadelphia Nationals made their initial appearance of the season at Forbes Field today and were defeated by Pittsburgh 5 to 1. Cooper in the box for the home team, held the visitors safe except in the sixth inning when they bunched hits and scored their only run.

The score: R. H. E.
Philadelphia.....000 001 000—1 5 1
Pittsburgh.....200 020 003—5 10 1
Batteries—DEFEATS BOSTON.

Cincinnati, O., May 20.—Cincinnati bunched six clean hits off Ragan in the fifth inning today and easily defeated Boston. Toney pitched airtight ball until his team had the victory well in hand, when he urged to a little and the Boston scored two runs late in the contest. Toney's hitting was a feature.

The score: R. H. E.
Boston.....000 000 101—2 6 0
Cincinnati.....000 000 101—5 11 2
Ragan, Cavan and Wilson; Toney and Wingo.

NOTES FROM THE COUNTY AGENT'S OFFICE

Self Binders and Binder Parts

The county agent attended a conference of county agents in Springfield Friday. Amongst the points of interest discussed was the binder and binder twine situation. Those needing binders cannot be too strongly urged to get them now, and not wait until the harvest is on. If the binder needs repairs, these should be ordered at once.

Binder Twine—Many county agents are advising their farmers to buy 2 1-2 lbs. twine for each acre of wheat and 3 lbs. for each acre of oats. Twine will not be any cheaper. It should be ordered at once.

Insect Proof Twine—Manufacturers are not attempting to make insect proof twine. The assistant state entomologist states that twine can be made insect proof by dipping it in a mixture of crude creosote and kerosene and then allowing it to dry before using.

Clipping Clover—An inquiry

revealed the fact that the practice is not common, where it is practiced, the custom is to clip when the blossom first begins to show pink. The results have been so doubtful in some cases that the county agents are slow about advising it. C. A. Beavers of Liberty has clipped clover with satisfactory results and expects to repeat the process this year.

Seed Corn—This office can furnish state tested seed on short notice. A supply will quite likely be stored here in the next few days. Supplies have already been placed at Decatur and Springfield.

Planting Corn—Farmers everywhere are advised to plant their corn shallow. It should not be planted much over one inch in depth.

Thomas Mandeville of the south part of the county was transacting business in the city yesterday.

STOP COUGHING

The simplest and best way to stop coughs, is to take

Foley's Honey and Tar

You get the curative influence of the pine balsam together with the mollifying effect of the honey, and other healing ingredients. It leaves a soothing coating on the inflamed tickling throat, raises phlegm easily and puts a quick end to hard wearing coughs.

R. F. Hall, Mabe, Va., writes: "One bottle of Foley's Honey and Tar stopped a troublesome bronchial cough and irritation that had bothered me for fifteen years." Your dealer sells it. Try it.

SON OF FRANK W. JONES IS WOUNDED IN FRANCE

State Organizer of Red Men Receives Word of Son's Injury by Shell Explosion—Was Member of Canadian Company.

Frank W. Jones, state organizer of the Improved Order of Red Men who is assisting Delaware Tribe here received word yesterday that his son had been wounded in battle in France and was in a British hospital.

The message came from Mr. Jones' daughter who is a resident of St. Louis. All it contained was the information that George Jones had been injured by a shell explosion and was in a British hospital. While the letter indicated that his injuries were serious it also said that there was hope of recovery.

George Jones went from Detroit, Mich., to London, Ontario, in 1912 and enlisted in the Canadian forces. He was assigned to the heavy artillery and has been in France since early in the war.

While there is no means of knowing just where he was stationed at the time he was wounded his father said yesterday that he thought he was in the Ypres sector.

A FINE ADDRESS

BY MRS. HEINL.

Sunday morning at Congregation church Mrs. Frank Heintz gave a very fine address on the work of the Red Cross by the ladies in the county. She told in graphic terms the great work that had been accomplished, the zeal and industry of the ladies and the amount of work accomplished which all know has been very large. With a pleasing delivery, a clear voice that could be heard all over the church the lady let it be known that the women of this county are fully awake to the needs and duty of the hour and she added much to the already great interest being taken in the great Red Cross drive.

PAIGE THE MOST BEAUTIFUL CAR IN AMERICA

The Paige coupe that L. F. O'Donnell was driving on the streets yesterday is certainly the prettiest car and looks to be the most value in an automobile that has ever been seen in Jacksonville.

STOLE A ROLLER.

People have sometimes heard of stealing a red hot stove but whoever heard of purloining a thousand pound roller from the street where it was being used yet such is the fact as the manager of the West state street paving contract mournfully testifies. The workmen left it where they had been using it one evening and the next morning it was gone. No trace of it was found at any of the old metal establishments of the city and vigorous search has failed to locate it. It must have been an surprising thief that took that roller.

ORDINANCE PASSED FOR BOND ELECTION

City Council Took Action at Monday's Session—Election Fixed for June 18th.

At the meeting of the city council Monday morning the ordinance providing for an election for the issuance of water improvement bonds was given a second reading and passed. The first reading was given to the election ordinance which provides for an election to be held on the 18th day of June, on this question of issuing bonds to the extent of \$75,000.

J. P. Lippincott, president of the board of education, was present to inquire as to the council's feeling with reference to the vacation of Kosciusko street and a part of Court street if the board should determine that more ground was advisable for the new high school building. Mr. Lippincott made it clear that the board has not determined upon any course but simply wished to secure the attitude of the council.

Mayor Rodgers and members of the council were of one mind that they would be glad to aid the board in any movement which seemed advisable and would be willing to vacate the streets if the board settles other matters in a satisfactory way to the property holders. The idea of the board is not so much that any additional ground would be necessary but they are looking somewhat toward the future and it might be possible that they would deem it advisable to locate the heating plant for the proposed high school in either Court street or Kosciusko street.

The water extension bond ordinance is given official publication elsewhere in this issue. The election ordinance provides polling places and election officials as follows:

1st precinct, 1st ward—Tobin's store, 1104 E. Lafayette avenue. Judges: Mary Shields, Patrick Tobin, J. W. Baptist.

BOY DIES AS RESULT OF KICK BY HORSE

Eugene Helliwell Died at Passavant Hospital Sunday Morning From Injuries Received When Horse Kicks Him in Stomach—Inquest Held by Coroner Rose.

Eugene Helliwell, aged 15 years died at Passavant hospital Sunday morning as the result of injuries received Friday morning when he was kicked in the stomach by a horse.

Owing to circumstances surrounding his death Coroner Rose was notified, empanelled a jury and held an inquest Monday morning at Gilliam's undertaking parlors. The jury was composed of James G. Strawn, foreman, J. K. Self, Clyde Hembrough, B. C. Lair, George Hedrick and Orville Adkisson.

The testimony of Thomas Helliwell and his wife Edith Helliwell was heard. It was to the effect that the boy had gone to the barn about 3:30 o'clock to hitch up a team. When he stepped behind one of the horses named Queen he put his hand on the animal's hip and spoke to it. The animal had its head in the manger and probably was frightened and kicked out striking the boy in the stomach.

Dr. Fred Metcalf was summoned from Franklin and made an examination and said that indications were of a serious injury. Dr. Kennibrew was then called and after examining the injured boy recommended that he be brought to the hospital which was done.

After hearing the evidence the jury returned a verdict that Eugene Helliwell came to his death by being kicked by a horse.

Deceased was the son of Mr. and Mrs. Thomas Helliwell and was born near Franklin fifteen years ago. He is survived by his parents and one brother, Glenn. One brother Ralph preceded him in death.

Funeral services will be held from Asbury church Tuesday afternoon at 3 o'clock in charge of Rev. W. W. Theobald. Burial in Asbury cemetery.

Which will You Wear, the Iron Cross or the RED CROSS?

The Iron Cross is the symbol of destruction. The RED CROSS is the symbol of mercy and reconstruction.

WHICH WILL YOU GIVE TO?

If you spend your money on luxuries instead of giving it to the RED CROSS you are a Slacker and deserve the Iron Cross. If you are a PATRIOT you should wear the RED CROSS.

Up and at 'Em. Help Put the Big Drive Over the Top

The question now is: "WHICH ARE YOU GOING TO WEAR?" Don't put it off! Bring your answer in NOW! Put Morgan county "over the top."

Every dollar you give the RED CROSS helps a soldier boy over there. Every dollar you give is a help when help is needed—may mean a soldier's life.

Help make this the speediest and biggest war drive ever put over in Morgan county.
